pressure feed cup**
- **Use with 120038 (TGS-503) 8-oz. polyethylene cup**  
Order separately

See Section E-2

### EGHV Detail Pro™ (HVLP)

### EGA Detail Pro™ (Conventional Air Spray)

The EGHV and the EGA are designed for all types of precision touch-up and detail work. They are ideally suited for small, close-up spaces like door jambs, dashboards and engine compartments.

Suction feed or pressure feed, the EGHV and EGA guns accept the material feed system that best suits your specific application without modification to air cap, fluid tip or needle.

### Specifications

#### EGHV HVLP Model

50 psi air inlet pressure delivers  
10 psi air cap pressure at  
9.3 cfm air volume required

#### EGA Conventional Model

3 CFM at 30psi inlet pressure
